Evening Service
To East Windsor and Hightstown

Return trips leave from the Princeton Junction Station at approximately

6:13 PM

7:06 PM

Updated on 3/23/05

Note: If necessary, the evening service buses may wait 10 minutes later for passengers arriving late on arriving trains.

During the evening, the Shuttle does not follow an orderly route but rather a 'flex route' schedule where stops are made according to where passengers tell the driver s/he needs to be dropped off.

For new or infrequent riders please contact the East Windsor Township Manager's Office at (609) 443-4000, ext. 246 the day before you want to use the service.
