

GMTMA Launches Good Moves

A personalized transportation planning service for Mercer County and Ocean County residents, Good Moves is a free

resource that will provide personalized travel plans, transit schedules, bike maps, carpool matching, and more.

Good Moves aims to help residents that have recently moved to the area by connecting them to different transportation options throughout their community.

GMTMA Executive Director Cheryl Kastrenakes says, "Good Moves can provide residents that are new to the community with alternative options for getting around town and the region. Whether you are going to work or out shopping, we want new residents to know that there are other options for transportation besides a personal car." Although targeted towards new residents, all are welcome to take advantage of the service.

She has been working with Greater Mercer TMA to promote Safe Routes to School events and bike/walk safety education, including programming for high school students, who can earn a discount on a used bike at the Trenton Boys and Girls Club Bike Exchange by completing a bike safety course presented by GMTMA. This spring, Clarissa helped organize education and/or events at 9 schools.

Clarissa's advice to other educators working on improving their community and increase the number of children walking and biking to school: "I would advise any educator who is serious about improving the culture and climate of their school to invest time in Safe Routes to School, a wonderful program packed with benefits. Additionally, Safe Routes to School complements its main focus of biking and walking safety with leadership development, as well as opportunities for community involvement."

Thank you Clarissa for what you do!

Sneak Peek

Greater Mercer TMA has been working on a NJ Walking School Bus app. The app is currently being tested by a small number of users and will be released to the public soon.

The NJ Walking School Bus app will be available for both iOS and Android.

Planning a Summer Getaway?

Leave the driving to someone else, grab a book, enjoy the view! Here are some transportation resources to help you with your planning:

What's Happening this Month

June 18th is National Dump the Pump Day. Leave your car at home and take public transit instead, it is a more economical alternative to driving and it is also good for the environment.

Public transportation is beneficial for the community, provides access to jobs and creates jobs for people from all walks of life. Every \$1 invested in public transportation generates \$4 in economic returns.

Join us in spreading the word about the benefits of public transportation!
